PROGRAM PURPOSE

Grants are available to Montana cities, towns, counties, and tribal governments interested in conducting an urban tree inventory; writing an urban forest management plan based upon a tree inventory; and/or writing a tree/vegetation ordinance.

ELIGIBLE PROJECTS

Projects must relate to urban forestry, which for the purpose of this grant are considered to be tree management, operations, and education. Examples include but are not limited to:

- Develop an urban forestry management plan
- Develop or revise a tree ordinance
- Plan, perform or update a computerized tree inventory
- Develop a storm or pest response plan
- Develop or conduct urban forestry staff training
- Develop urban forestry public awareness program/materials
- Form a tree board or volunteer action group
- Develop an urban forestry neighborhood involvement program
- Conduct a tree risk plan
- Send staff or board members to urban forestry conferences, workshops.
- Tree planting on public lands
- Hazard tree removal

PROJECT COSTS: REIMBURSABLES

Supplies & Materials: Cost of purchasing appropriate supplies and materials to complete the project.

Educational Workshop: Cost associated with attending or providing education related to tree inventories, writing urban forest management plans or drafting a tree ordinance. Items may include workshop registration fees, facility and equipment rental, lodging, speaker costs and transportation for municipal and/or volunteer participants.

Professional Services: Cost related to hiring a consultant or contractor (arboriculture, forestry, landscape design, planning) and/or other professional for this project.

PROJECT COSTS: APPLICANT CASH (NON-REIMBURSABLE)

City Personnel/ Equipment: Regular personnel cost for city employees and equipment for work on the project. However, these costs can only be used to demonstrate local contribution and are not reimbursable.

Any cash spent on the items listed above that are not being sought for reimbursement through this grant.

PROJECT COSTS: DONATED/IN-KIND (NON-REIMBURSABLE)

Value of donated materials or services directly related to the project.

Value of volunteer time used to complete the project.

PROJECT COSTS: NON-REIMBURSEABLE

Capital Outlay having a cost greater than \$500.

Any expenses being reimbursed by—or used as match for—another federal grant project.

PLEASE NOTE

First time grant applicants (Arbor Day grant applications not included) must have or agree to form a tree committee/board with a program work plan during the grant project period. Documentation with member names, contact information, meeting dates and activities will be required prior to grant reimbursement.

Second time grant applicants (Arbor Day grant applications not included) must have a city or county approved tree or vegetation ordinance by June 15, 2008. Documentation will be required prior to grant reimbursement.

Information about developing these documents and sample documents can be obtained from the Urban Forestry Specialist in your area (See page 4 of this overview).

Please submit the original completed application and two copies by January 1, 2008, to the following address:

Dan Rogers - Urban Forestry Coordinator
Montana DNRC, 2705 Spurgin Road
Missoula, Montana 59804-3199

Failure to submit a completed application will result in disqualification.

SELECTION PROCESS

Applications will be reviewed and ranked by a committee composed of the Urban Forestry Coordinator or designated representative and members of the Montana Urban and Community Forestry Association. The funding recommendations of this committee will be presented to the State Forester for approval. Applicants should be notified of their award status in mid-February, 2008.

One of the measures of success for this program is the leveraging of local support (cash and donated services). It is important that the applicant indicate all anticipated

project expenses (grant funds requested, local cash, donated services and in-kind contributions) required to successfully complete the program development project as described in their project application budget.

REVIEW AND COMPLIANCE

Project grant funds will be distributed on a reimbursement basis. Reimbursement will not be made until expenditures have actually been paid and proof of payment is provided. Additionally, documentation of a formal tree committee/board and/or passed ordinance is also required.

Project expenses for which you will seek reimbursement must be incurred between the award date and June 15, 2008.

Reimbursement requests may be submitted at the completion of the project. A narrative report summarizing the status/outcome of the project must be included with each request for reimbursement.

Reimbursement will not be made until the entire project is completed and approved by Montana DNRC.

Following the awarding of grants, Montana DNRC may conduct periodic project inspections and a final project audit to assure compliance with project Grant Agreement.

Please provide before and after photos (if applicable) when available.

For specific project questions, please contact the Urban Forestry Specialist in your area.
